RECOGNITION OF HUERTA RULE IS LEFT TO WILSON

Arizona Would Annex Sonora and Lower California to United States

WASHINGTON, Feb. 27.-Secretary of War Stimson has ordered a detachment of American troops to Eagle Pass, Texas, because of a threatened battle at Piedras Niegras, Mexico, be-tween Huerta troops and rebels under former Governor. Vestuniaro Carran-za. A dispatch from General Bliss. commanding the Texas department. said that a battle was imminent, and that two thousand refugees had crossed the border.

RECOGNITION OF HUERTA RULE LEFT TO PRES.-ELECT WILSON WASHINGTON, Feb. 27.-Recognition of the Huerta government in Mexico probably will be left to President-elect Wilson, it was learned at the state department today. Officials of the Taft administration are of the opinion that inasmuch as Mr. Wilson will enter the presidency with a delicate and crucial Mexican situation on his hands, the question of rec-ognition should be left undecided be-

tween now and March 4. Though Ambassador Wilson is in favor of the immediate recognition of the Huerta government, his views are not fully shared by the present administration at the state department.

It is reported that Governor Carranza of Coahuila has taken the field with troops to oppose the Huerta gov ernment in Mexico City.

Legislators of Southland Hold Two Days' Meeting in Los Angeles

LOS ANGELES, Feb. 27.-Southern California legislators today opened a two days' hearing in this city into the views of their constituents on legislation proposed in the first half of the

recent session. The proponents and adherents various measures were prepared to present their arguments at this meeting. The protestants to the extension of the eight hour law to the fruit pack-

ing industry were present, headed by Carl McStay.

Powell, representing the citrus fruit growers, had addressed the meeting advancing reasons for opposing the bill, declaring that women were usually willing to work more than eight fruit was perishable, Mrs. Chas. Far-well Edson of Los Angeles replied. She declared that while she knew little about the packing industry she knew much about women, and that if fruit was perishable, women were too.

Standing in the cold packing house for fifteen or sixteen hours a day saps the strength of women who become mothers in the next generation, doesn't it?" she demanded.

The proponents of the anti-cigarette, blue sky and other bills were given the floor.

Tubercular Cure Must Be Free to All, Says Gore

WASHINGTON, Feb. 27.-"If the value of Dr. Friedmann's re-puted tuberculosis cure is estab-lished it must be placed by the government at the disposal of every sufferer in America. I will work hard to this end."

This was the emphatic statement made today by Senator Gore of Oklahoma. He added that the first step must be to test the efficacy of the alleged cure.

10,000 Appeal to Friedmann NEW YORK, Feb. 27.—Ten thousand letters and telegrams poured in on Dr. Friedmann today from tuberculosis sufferers. He was compelled to hire four stenographers to handle his cor-respondence. He declared it would be impossible to teach even expert physicians the use of the serum inside of six weeks, and that prospective patients must wait. While the judge was explaining to the jury, Attorney Rogers made a dramatic entry, flung his hat and coat into a corner and immediateplunged into the direct examina tion of Darrow where he left off last night. During the examination, Rogers suddenly queried: "When you met Franklin on the day of the arrest did you say 'My God, Bert, they are on to you' or anything like that?" Darrow replied in the negative, saying that when he met Franklin, Detective Brown stepped between them ordering him not to speak. He said he met Franklin while Brown was escorting him to the district attorney's office a few minutes after this and asked him meeting. Dr. Evans. Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria, we have been prescribing the D.D.D. remedy for years."

Where fruit is to be anticipated, which is the case with the majority of orange groves, according to the judgment of those persons mos competent to judge, the culture and fertilizer should not be varied from what would be good practice at any other time.

The method of segregation of the frozen from unfrozen fruit, which was studied by the U.S. department of agriculture last season, has been investigated by the California station. It has been found that the specific gravity of badly frozen fruit decreases, that of the sound fruit either remains stationary or increases. Denatured alcohol is the best substance, tion. A sufficient difference in specific gravity between frosted and unfrosted lemons will occur in about one month from time of injury to make segregation by denatured alcohol practicable. The experience of last year indicates that about two months are required in the case of oranges. The time will doubtless vary, according to weather conditions. The feasibility of this method will depend upon the extent of injury to the fruit. Obviously the method has no application to orchards in which all the fruit has been equally affected by frost. This is a condition, however, which seldom

GOVERNMENT WOMEN CLERKS CONVERTED TO

WASHINGTON, Feb. 27.— Old residents of the capital The regular meeting of the Woman's Civics Club will be held on Saturday, March 1, at the city hall at 2:30 o'clock p. m.

This will be an important meeting since, after thorough discussion of the proposed bills affecting women and children, they are to be endorsed or condemned by the club. Mrs. Charles Farwell Edson and other speakers from the outside will be present to explain these bills.

Every woman of Santa Ana and vicinity who is interested in the welfare of women and children is urged to attend this meeting. It is a real civic duty. Every woman and child in the state is affected more or less by the laws of the state and women should be informed for their own sake on the laws, particularly those that more directly bear on their interests and those of the family.

Social Postponed

REBEKAH DISTRICT MEETING an enjoyable meeting when the semi-

annual 50th district meeting of the Rebekah lodge was held at Anaheim last Friday. Representatives from the various lodges in the district, Whittier, Westminster, Huntington Beach, Orange, Santa Ana and Ana heim, were present, says the Ana-heim Gazette. The session lasted all day, beginning at 10 o'clock in the morning and closed in the evening. The day session was attended by 150 people, and upwards of 225 were present for the evening meeting. Mrs. at 11pton of this city, chairman of the district, presided. The session took the form of a school of instruction, and this was conducted by Mrs. Jean Egan of San Jose, chairman of the Rebekkh Assembly of the grand the Rebekah Assembly of the grand lodge, and Past President Mrs. Ada Madison of Los Angeles, and Mrs. Fannie Lacy of Santa Ana.

At the evening meeting, the lodge and initiatory work of the lodge was exemplified by the Orange lodge officers and team, four candidates being received into full membership. A luncheon was served at noon to visiting delegates and in the evening

a sumptuous supper was discussed. selves as eing much pleased with the meeting and all derived benefit from it. The next meeting for the district will be held at Westminster in Au-

and Syndicate Hurrying Arrangements

About a score of leading citizens are interested anancially in the proposed erection of a modern, first-class new hotel in this city, the plans for which were referred to in the Register last evening in connection with the option secured on the Thomas and Chilton estates' property at Sixth and Main street.

While all the plans of the local capitalists are not completed, there is no possibility now of there being any slip-up. The papers in the realty deal were signed yesterday afternoon, and as soon as three or four citizens no have signified their willingness to become members of the syndicate, have been seen and their signatures affixed to the papers, the deal will be closed. S. J. Jackman says he is acting merely with the other men interested in the project, no more and no less, and that he is not entitled to the credit for the formation of the synaicate any more than his associates

This explains the keen interest that is being shown by prospective set-tlers in Owens Valley, Inyo county, Cal. Apple land that has every requisite for the growing of perfect apples and pears is scarce. The conditions in Owens Valley are perfect. A has rich, deep soil; is perfectly protected by mountains from fogs and hot dry winds that prevail in other sections; it is free from pests and blight.

The protection of the installation, the great auditorium became a verification.

Such conditions are the best possible for all kinds of farming. Besides being the finest in the world for dairying, the land can be put to potatoes, corn, etc., that can be grown while waiting for orchards to mature. Chickens and hogs are being raised with great success in Owens Valley; honey is another profitable product.

Owens valley land can be bought at a remarkably low price, even with such advantages. Some of the best land in the valley is owned by the Owens Valley Improvement Company, who have developed and placed it on the market. It is all under an excellent irrigation system. Thousands of Dollars Could Be Saved With Mixing Feed Mill Located Here

While dealers in poultry supplies in this city are inclined to doubt the other. feasibility of any plan whereby all poultry supplies might right in Santa Ana or some other Orange county city, S. J. "I read the views of Mr. Prince in the Register," said Mr. Jackman Pacific Electric Railway Conporter this morning, Brilliant Scene at the Annual agree with his views in the main, 40 not agree that we couldn't have a wholesale purchase here and the local dealers mix the feed them-selves. I agree with Mr. Prince about the land in this section being more valuable for other purposes than for raising poultry feed, but nevertheless there are thousands and tens of thousands of dollars going out of Orange county annually on this account, out it should be remembered that there are tens of thousands that come in from our sales of poultry and other products from land which is utilized more profitably than for

poultry feed. "The greatest injustice that the poultrymen have to contena with is the manipulation of the market in Los Angeles. The market manipulators simply put prices up and down to suit themselves and their own conveniences. They have arbitrary rules and in particular they apply them to case counts of eggs. Dealers should candle the eggs at the place of shipping and save the three or four or five cents that is deducted in Los Angeles. This would mean con siderable saving to the local poultry. HIGHWAY OFFICIALS DELAY THEIR TRIP

ditions at Bay City Subject of Investigation

The county highway commissioners did not go to Bay City today as they had contemplated, but will name the trip Friday. The commissioners will visit Bay City for the purpose of investigating the request of the Pacific Electric railroad for right of way along Main street of the town.

The county highway is at present routed over the same street. The commission believes that the railroad may occupy too much of the street to make it advisable to build the highway over the same route. In case this is found to be true, there is a possibility that the county road may be built on another street through the town.

D. C. Pixley, the Orange member of the commission, today stated that the funds from the sale of the \$1,270, 000 bond issue will soon be available and that the commission will push the work actively after that time.

10. Methods. If you carefully investigate the above ten points and find them safe, sure and satisfactory, you cannot go astray in making an investment.

Now these are the very points we want you to investigate about the Yucaipa Valley. If you will make a one day trip with us, we will show you the whole proposition and let you decide for yourself. We want you to ask us any hard question you can think of to bring out the truth. The more you know about the Yucaipa Valley, the more you will like it. If you want to invest in a safe proposition and take advantage of a great opportunity, go with us on one of these little trips only 64 miles away, right here near Exchanges—we're here match you. home, and get valuable information. Money to loan. It is well worth while to see this big development, the new community of homes, ranches, irrigation, the young trees, churches, schools, stores, where everything spells opportunity. What a chance for home-seekers, for young men not afraid to work, for practical ranchers.

We are now organizing Santa Ana Orchards Company No. 2. This is for those persons who want to invest but are not ready to move to Yucaipa till later or who want to grow an orchard to sell later for a big price. lively business conditions as soon as the weather clears; trading has been of larger volume the last two days. A steady improvement in the market supplies is expected, and vegetamarked betterment in a few weeks. Reported receipts are naturally rather

Although egg receipts were small yesterday, the price declined 1 cent. This is propably due to a lighter demand the past few days: As soon as clear weather comes a further falling off is expected. Light receipts kept butter pretty steady, and a decline of moment is not expected for a week or two. Cheese is about the

Plao prices continue low, though a shade steadier feeling has been apparent, occasioned no doubt by lighter receipts. If floods damage a portion of the crop in the San Joaquin, as some dealers fear they may, higher prices may be witnessed until the local crop is available. It is not expected that the production in the vicinity of this city will be as large this year as last. It is generally asserted that after a year of abundance a year of comparative scarcity follows. Mexican egg plant, tomatoes and peppers still come in, but prices remain about the same.

With the exception of the large supply of apples and bananas with their continued low prices the fruit market remains rather featureless. Sparse shipments of pineapples and storage grapes are received, but things promise to remain rather quiet until the new deciduous crops are available The citrus market shows only minor variations. The fruit still brings all kinds of prices depending on its

QUESTION----How much could I use the Autopiano? ANSWER----Every moment of every hour every day

Ready to Play by Roll--New Way 15000 Roll Music Library Fre

Ready to Play by Hand-Old Way

Letter from International Jury of Awards Alaska-Yukon-Pacific Exposition

Seattle, Wash., August 27, 1909.

Sir:—The Autopiano Co. deserves a great credit for solving the difficult problem of securing a perfectly human touch in a play er piano.

This feature is of inestimable value, for it places this make on an artistic plane not reached by other manufacturers.

Special mention should also be made of the automatic tracker device, and the highest excellence of workmanship throughout. It is entitled to the high honor of being designated THE ONE PERFECT PLAYER PI ANO.

Chairman International Jury of Awards.

Respectfully submitted, DR. EMIL ENNA,

California State Commision Consider the Autopiano Greest of All

October 16, 1909.

The AUTOPIANO selected for the Califon State Building has proven a revelation. It is doubtful if a piano has ever been subjed to so severe a strain, and yet today, it is in better condition than when we first secur it. It is unquestionably superior to all player pianos, and, as a piano, is the greatest them all.

Respectfully,

CALIFRNIA STATE COMMISSION,

(Signed) Frank Wiggins, Secretary.

MADE NO MISTAKE

Santa Ana, Feb. 15, 1913. The Bartlett Music Co.

Sirs:—The Autopiano you sold us has been very satisfactory. We have had it some time and we have not had any trouble with it. The tone is good and we feel that we made no mistake in placing our confidence with your firm. E. B. COVINGTON.

WONDERFULLY RELIABLE

Santa Ana, Feb. 17, 1913. The Bartlett Music Co.

Sirs:—The Autopiano you sold me three years ago at one of your special sales has been a wonderfully reliable instrument. The player runs perfectly and the tone is as good as ever. I would not do without it.

MRS. C. E. BROCK.

A SOURCE OF ENDLESS ENJOYMENT Orange, Calif.

Orange,

The Bartlett Music Co.

Dear Sirs:—The Autopiano purchased of you is a source of endless enjoyment. We would not sell it for twice its cost could we not get another. Good judges pronounce it a splendid toned instrument.

MR. AND MRS. C. G. SWEEZY.

OULDN'T GET ALONG WITHOUT IT Orange, Cal., Feb. 26, 1913. Bartlett Music Co.

Dear Sirs:—We are entirely satisfied with our Autopiano and feel that we could of get along without it. We are glad to ecommend the Autopiano to our friends as he best player piano they could find. We njoy ours the more we play it. W. A. DYER
